ccNSO appointee to the RZERC

What it is

Root Zone Evolution Review Committee (RZERC)

The RZERC reviews proposed architectural changes to the content of the DNS root zone, the systems including both hardware and software components used in executing changes to the DNS root zone, and the mechanisms used for distribution of the DNS root zone. The RZERC was formed as a result of the IANA Stewardship Transition.

Overview

In the [ICG proposal](#), the domain names community required that a standing committee be put into place that will provide recommendations to the ICANN Board regarding the advisability of moving forward with all major architectural changes to the DNS root. ICANN named this committee the Root Zone Evolution Review Committee (RZERC). The RZERC will consider issues raised by any of its members, PTI, or by the CSC.

<https://www.icann.org/rzerc>

While the RZERC will not necessarily be the group that considers the details of the issues under consideration, it will be responsible for ensuring that those involved in the decision include all relevant bodies and have access to necessary expertise. As such, the RZERC will coordinate with relevant organizations and communities, and if appropriate, external experts, to confirm that all affected parties are involved in discussions and recommendations regarding architectural changes to the root zone.

Meetings & Work Sessions

24 Oct 2018	RZERC Information Session - Public Meeting #2 <u>ICANN 63</u>	Audio Recording Transcript: EN Presentation
22 Oct 2018	RZERC Working Session <u>ICANN 63</u>	Audio Recording Transcript: EN Meeting Minutes
13 Aug 2018	RZERC Teleconference #18	Audio Recording Transcript: EN

Potential Issue

- *Root Zone KSK Rollover*
 - *Asked by ICANN Board*
 - *<https://www.icann.org/resources/board-material/resolutions-2018-05-13-en#1.g>*
 - *Responded to with RZERC001*
- Further considerations, also within IETF context

Next Steps

- Suspend(ed) regular meetings (again)
- Review role in light of KSK rollover response
